

THE LEMON TREE CHRONICLE

Ruth Reflects

I've learned, so I'll share. We have landscaping in Ohio. Here, they desert scape. So we say "the landscaper is coming", they say "the desertscape is coming! Ben has painted some of these scenes. I wondered if Vijay, Carole, Jan or Kyler have...hum...

We have settled in Chandler and have been hiking w/O five days a week (hardest was a 3 hour trip up Superstition Mt.), reading (love Ben Bassham's and Jack Joy's new books) and playing golf (I shot an 84 and

considered offering clinics until shooting a 94 and now thinking of taking clinics). Wrote two new stories on drglenn.net ... One about Jill (Two Coins..) & one about TLCC (Nine Holes of Fun).

We miss our Ohio friends, but have made many new ones here. Folks from AZ, MI and Canada (The Canadians are called, "Mexicans with Sweaters"). Talk to you soon. Warmly, The Editor

Movie Critic Report:

An AZ friend gave us 52 new movies! Yes, fifty-two! Here are our suggestions:

YEAH: Les Miserables, Lincoln, We Bought a Zoo, Silver Linings Playbook,

UGH: Albert Knobbs, The Impossible, Zero Dark Thirty,

SO-SO: Argo, This is Forty

We think Les Miserables, Lincoln and Silver Linings Playbook will win most of the acting awards at the Academy Awards.
