

THE LEMON TREE CHRONICLE

Ruth Reflects

What do you say to a husband who is meeting his buddy for golf at a Park and Ride... hops out of his car, gathers his clubs, but forgets to lock the car? Absolutely nothing if you never know about it and nothing gets stolen. However, our Garmin did get stolen. We kept it under the front seat, out of sight, so no one would know it is there!

The next morning we got into the car to go to Idyllwild, CA. I reached under the seat for the Garmin and nothing! It took us awhile to realize what had happened. Don't we all need these little knee jerk events to keep us appreciating all the great days we usually have? We are packing for home now, with a new Garmin. Can't wait to connect with all my dear friends at home. That Glenn!

RUTH AND ORVILLE OVERLOOKING JEROME, AZ. JEROME IS NOW AN ARTISAN VILLAGE. IN PRIOR YEARS IT WAS A COPPER MINING AREA...PRODUCING COPPER UNTIL 1954.

Big News about Dan, Krystal and Jill!

Dan (Oldest Grandson) and **Krystal** are getting married in the Spring of 2014. I will be presiding!! Dan continues his studies at the University of Colorado College of Pharmacy and Krystal continues to work at Walgreens. **Jill** accepted an Intensive Care Position at the Cleveland Clinic (South Pointe Hospital) and will commence work April 1. All of Jill's hard work and never-give-up attitude is paying off for her.

Ruth and I are getting ready to return to Ohio. We have loved this, our best winter ever! Golf, trips, friends, and the ever present **Orville**, has made this winter a wonderful time away. We love being away for the bad weather but miss our Ohio friends and will be happy to return.

DAN AND KRystal

THE ANNOUNCEMENT NIGHT!

Points of Interest: (To me)

- Two new stories on drglenn.net: **Norm Stories** (About our deceased neighbor) and **My Mentored Life** (About important mentors in my life).
- I have been retired from the Navy as long as I was commissioned (28 years).
- This year is my sixtieth **Academy at Arcadia** reunion.
