

The Village Bugler

We have had some wonderful visitors in The Villages!

We have had some great visitors already: Sally and Jim Myers; Connie and John Flynn; Marc Crail; Marianne Malindzak; and, Sue and Tom Hohenshil. Three of Ruth's nieces have visited too. We look forward to seeing Sandy Graham, Carol Lutz, Lorrie/Fred Lowe and Marian Cooke. Our special Mexican daughter, Letty, is arriving next week.

THE GOLFER, THE DOG WHISPERER, THE ALL AROUND MAN!

We were so happy to have Sally and Jim visit us on their way from Hilton Head to Orlando for a family gathering. Jim and I played golf and we gave them the fifty-cent tour of

The Villages, as we do all visitors. Ruth and I had not realized that Jim Myers was such a dog lover...and embraced Harold so warmly that we don't understand why they haven't had a dog all these years! He shot 87!

Facts from FL

Someone ask Ruth how The Villages could support so many restaurants and golf courses (44). She said, "Well, one hundred thousand folks live here and they are all retired!"

We visited Tarpon Springs, the sponge capitol of the world...a very quaint Greek Village, built around docks with dozens of boats.

Several of you asked about the house we rented and I hope you can see it by tapping the following link (<https://www.facebook.com/glenn.saltzman>) When you close the link, you will return to this site. See more stories at www.drglenn.net
