

The NORTH COAST COURIER

Merry Christmas & Happy New Year!

Ruth and I have decided to stay in Ohio this Winter. It is where we need to be...although who knows what change of plans might occur when the snow and below zero temperatures commence!

For twenty years, we have been away three months, in either Florida or Arizona. We have enjoyed these winter vacations and actually look forward to Ohio this Winter. It is not as if we have never been in Ohio in January-February-March as that was our life before retirement. We will be sending you The NORTH COAST COURIERS to keep you up-to-date.

2016: A good year for the Saltzman's:

Jill recovered from her 2015 stroke and is back to work as an ICU nurse at University Hospital-Portage MedCenter.

Dan (Krystal) got his Doctorate in Pharmacy from University of Colorado.

Andrew moved to his own apartment in Ravenna, Ohio.

Austin (Kayla) is still serving in the Air Force in Okinawa, Japan.

Harold still runs the house.

Glenn shot a 78. Yes, 18 holes!

Ruth remains the nicest and most loving person Glenn has ever known.

We love all of you and pray you will each have a wonderful , healthy and happy 2017.

Love, Ruth and Glenn
