LOOKING AHEAD

As much as we love going away for the winter, we always look forward to returning to OH... our roots...and where we are surrounded by family and friends. We notice that many folks living here permanently chose to live here as their families are spread all over the country. When you ask residents where they are from, they always tell you of their origins...very interesting.

EDITORIAL

Amazing Story: After visiting a busy (10,000/day) flea market with the our friends on Saturday morning, we went to lunch... where I discovered I had lost a hearing aid. I called the flea market office with out success and decided to go back to the place Sunday morning to see if it had been turned in to Lost and Found. After filling out some papers in case it was located, we returned to where I had tried on sun glasses....and magically...my hearing aid was laying on the side of the aisle!!!! It was not damaged and worked fine...now I have \$2000 to buy new clubs!!! It was a major relief to find it!!! Imagine finding it when thousands of folks had walked by during the previous 20 hours! And sometimes, I have trouble finding a golf ball!! We then went to church!!!

The Cavaliers are really doing well now and we all hope that they bring a Championship to Cleveland!
