

THE HAROLD HERALD

Blue and White Format in Honor of Northeast Ohio Medical University

EDITORIAL

Last Fall, the Northeast Ohio Medical University (NEOMED) celebrated its Fortieth Anniversary. I was privileged to be on the charter faculty. At the six hundred person celebration, the only full time faculty/staff members present, who were employed during the organizing year, were Dean Liebelt and me. Time passes quickly! Mrs. Dietz and Drs. Voneida, Hutterer, Westerman and Steggles are still around but were unable to attend.

On a sad note...we attended a memorial service for our former sister-in-law, Jan, ...a very moving service for a wonderful woman.

We held a Super Bowl party (Pic above) and Betty and David Hissong, Vijay and Mary Beth, cousin Jo, Harold and Ruth and I had a great time! Betty and David won all of the money! The winter vacation is half over for Ruth and me...we are having a super winter.

I wrote another story about my favorite practical joke...played on one of my favorite professors...a great

jokester himself, Ted Voneida. Tap [Practical Joke](#) to read this story.

It is time for my winter look, so I'm growing a beard...
