

The NORTH COAST COURIER

The above picture is of Jill and Jeff at the North East Ohio Medical University, where they presented the Jon Saltzman Community Service Award to Dori Parker. The award is given each year to the employee with the most significant community service, and includes a grant to that organization. Our Jon has been gone thirty-six years...twice as long as he was alive. We still miss him and think of him every day.

Jeff and Jill happened to see a picture of me in a collage at the conference center and sent it to me.

As much fun as we are having, we miss being home, our friends and family. See all of you soon! Ruth and Glenn (& H)

Ruth and I have been running around the South recently. In Pensacola we saw the Fender's and the Hansen's. The sugar sand beaches are still a highlight. At The Villages, we saw two of Ruth's nieces, and we are currently in Bonita Springs for 12 days to dog sit Sandy's dog, Hopper. We are being assisted by Harold, who is the best traveler ever!

Below are nieces Lorrie and Kathy, with us after a Pickle-ball experience. Whether it was a talent deficiency, lack of practice or just old age we're not sure, but Ruth and I could not transfer our knowledge of tennis to this game. It was pretty embarrassing to miss all of those balls. Back to golf!

Facts: Six of the seven dwarfs were not Happy; Recent research has found that women who are slightly overweight live longer than the men who mention it; The best exercise one can do is bending over to help less fortunate people get up and get going.
