

The Orange Spiel

March 2011

Volume 2011 Issue 6

Last Few Gems:

Great winter in AL for weather, hiking and golf. I played golf three times a week, Ruth did things with her friends and we hiked with Orville five times each week...we are all in better shape as a result of the exercise.

See my web site tribute to Jim Steyer under the Tributes Icon.

We are glad we missed all of the bad weather in Ohio and are grateful to Jill and Andrew for caring for our home.

Susie has requested an **Orange Spiel** retraction for several quotes attributed to her just because I made them up.! Retraction denied!

Orville won the "Most Pictures in **The Orange Spiel**" Award over Ruth... six to five.!

This is the **LAST Orange Spiel** you will ever receive (Boo Hoo)! Ruth and I hope you enjoyed them... in addition to the vast amount of new knowledge you obtained.

Have a Great 2011!!

Recent Social Events: Orville's Fourth Birthday and Mardi Gras!!!

The breaking news is about the party held at Silver Beach for Orville's fourth birthday. We had seven guests (all human), a special cake and gifts for the guest of honor. Yes, we are dog crazy!

Our condo association held a big pot luck party for the parade passing by on March 8. Orange Beach has one of the largest parades and we hosted our Ohio and Pensacola friends for breakfast before the luncheon/parade This party concluded our social season!!

Back to Ohio (March 17) to Commence Spring Gardening

Ruth and I love to work in the yard and this year will continue to improve our front yard Woodland Garden. This was one of the worst

winters in North-eastern Ohio history..and we missed the fun! On the right, Twin Lakes in January!
