

Perdido Key Times

30° 18' 12" N - 87° 23' 38" W

UL pic is of Austin and Kayla. Other pics (UR) are of: the famous Joe Patti fish market ,where we buy our seafood; a King costume from the Mardi Gras Museum (similar to the cheerleader outfits at the Academy of Arcadia), plus dress and train; and, the promised Harold pic; LR is of of niece Judy and Ruth at the Naval Air Museum. We learned Mobile has celebrated MG since 1703. They told us that the Queen, at the largest party, spends over \$100K for her gown, train and party. Ruth would like to be queen next year and we are planning to open a FundMe account to help her realize her dream.

Great News: Austin has been released from active duty (7 years) in the Air Force and has returned to Kent to finish his degree in cyber security at KSU! He and Kayla have an apartment in Pebblebrook Apartments, several blocks from campus. Austin was able to get his Associates Degree while on active duty and has worked his entire tenure in the AF in cyber security. Both Kayla and Austin plan to work part-time. We are excited to have them back home with all of us. Thanks for serving, Austin!

A majority of US voters want sensible gun control...who are our representatives serving?
