Dear Cathy:

Congratulations on your retirement. You have had an exciting and rewarding career and I predict you will have an exciting and rewarding retirement as well. You have many professional accomplishments, for which you can be very proud. I remember all the wonderful classes you taught at the Northeastern Ohio Universities College of Medicine, and, all the good times we had planning those experiences for the medical students. I hope you find retirement as rewarding as Ruth and I have...it has been an enjoyable eleven years for us...and I hope you and Al have many years of new adventures as well.

Again, congratulations for a great career and for all you have done for so many students over the years.

Sincerely,

Glenn Saltzman
